## FOR DESIGN

THE INTERNATIONAL RESOURCE FOR INTERIOR DESIGN

## BATHROOM INSPIRATIONS

**1** Soft Bath by Ideal Standard International combines patented, innovative material and outstanding design. Designed by award winning designer Marc Sadler, the unique and innovative compound material used has been created through the process of roto-moulding and combines polyester and polyurethane for an ergonomic, smooth, oval bathtub. Tel.: +44 (0)1482 346 461 [www.idealstandard.co.uk](http://www.idealstandard.co.uk)

**3** Dröm UK is specialised in the design, supply and installation of the finest quality saunas, steam rooms, steam showers and wetrooms. This stunning bespoke steam room, using frameless glass and tiles by Bisazza, could also be an ice room, by replacing the steam generator with a refrigeration unit and ice making machine. Tel.: +44 (0)1932 355 655 [www.dromuk.com](http://www.dromuk.com)

**2** The Frameless Collection from The Majestic Shower Company has been created for contemporary living with all models suitable for installation over shower trays and in wetrooms. Majestic's patented glazing system allows for the most minimal shower screens available. Majestic are the only manufacturer to guarantee a watertight Frameless enclosure. Tel.: +44 (0)1279 443 644 [www.majesticshowers.com](http://www.majesticshowers.com)

**4** As much a bespoke piece of art as a bathroom appliance, the Triflow by Zaha Hadid basin tap exhibits impeccable quality, peerless engineering and exacting attention to detail. Inspired by the movement of water, the design features a merging tap spout, body and handle in a seamless trajectory of curvilinear geometries. Tel.: +44 (0)20 7079 0541 [www.triflowconcepts.com](http://www.triflowconcepts.com)
